*Genetics in Medicine* (2020) 22:1281; <https://doi.org/10.1038/s41436-020-0836-z>

Correction to: *Genetics in Medicine* **21**:2019; <https://doi.org/10.1038/s41436-018-0340-x>; published online 19 October 2018

In the original version of this Article the authors described a variant at the DNA level as "c.293delC." This occurred several times in the Article as well as in the supplementary information. According to the HGVS-nomenclature recommendations (<http://varnomen.hgvs.org/>) it should be "c.294delC." This has now been corrected in both the PDF and HTML versions of the Article and the supplementary information.
