In the version of the article initially published, in the “Mice” paragraph of the Methods, the text “The mouse sequence for the CNA35-mCherry cassette was obtained from Dr. Rinkevich at Helmholtz Zentrum München” was missing and has now been added. Similarly, the text “Dr. Mück-Häusl and Dr. Rinkevich at Helmholtz Zentrum München for help designing the CNA35-reporter mice” was missing from the Acknowledgements section and has now been added. These corrections have been made to the HTML and PDF versions of the article.
